

FOR FAMILIES WITH A FEW MINUTES

Try This Fun

**Less deciding.
More doing.**

Kumar Sridharamurthy + Lavanya Shirur Sudhakar

Husband-and-wife team · parents of a 6-year-old and a 2-year-old

We built this for our own family.

Two working parents. A curious 6-year-old. A fearless 2-year-old. And a handful of minutes that too often disappeared while we searched for something to do.

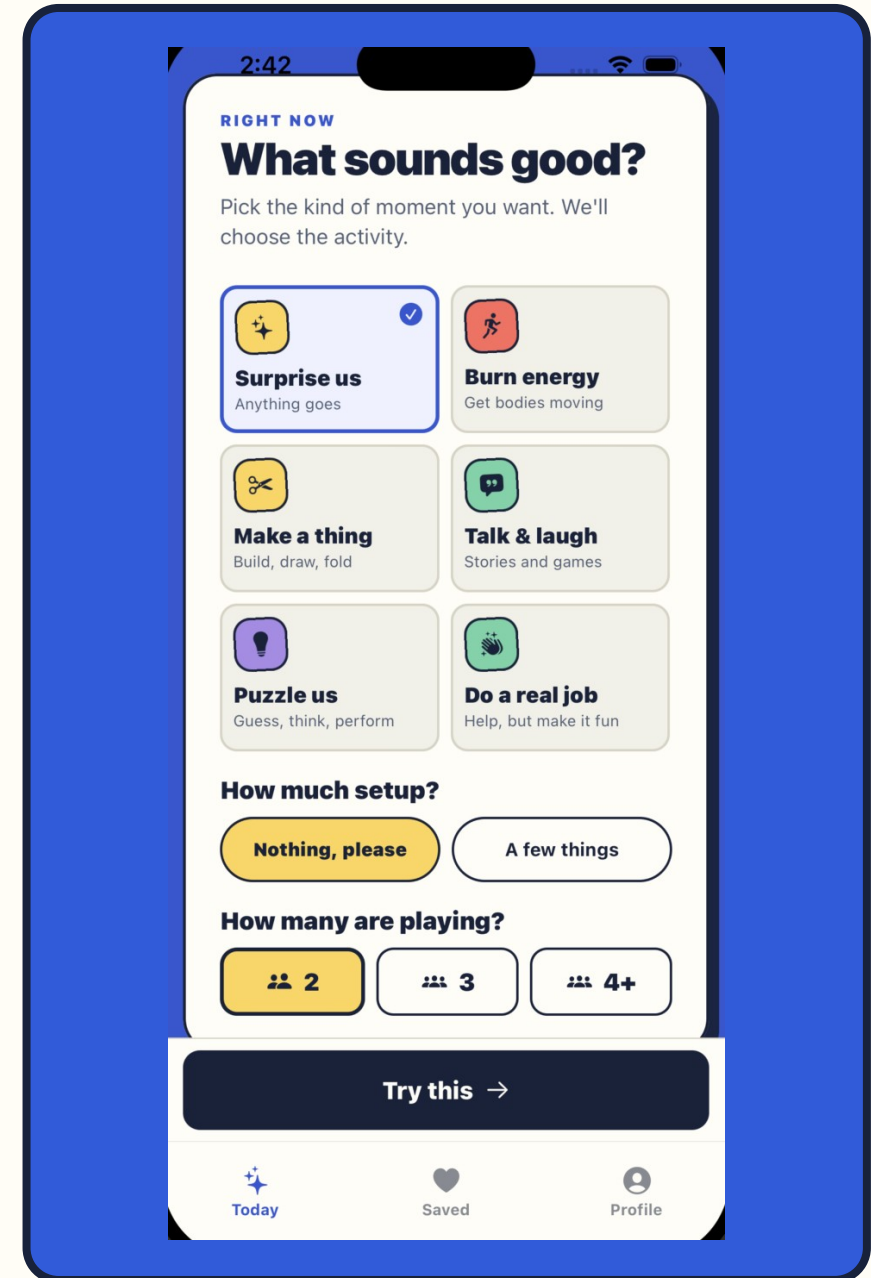

**The real friction wasn't a lack of ideas.
It was choosing the right one, right now.**

One good idea beats another endless list.

Try This asks only what matters in this moment — the mood, setup, and time available — then recommends one activity.

- 1 Pick the moment
- 2 Get one matched idea
- 3 Start playing

HERITAGE, MADE PLAYABLE

Watch once. Play for years.

Oral family games survive when a new parent is never expected to already know the missing details:

The original Kannada words

Lyrics preserved in Kannada script.

A practical reading guide

Transliteration plus every movement.

A real family demonstration

Video shows the rhythm and punchline.

PERFORM 3-7 MIN NOTHING NEEDED

ಉಟ ಯಾರಿಗೆ? • Oota Yaarige?

The child's palm becomes a banana leaf. You sweep, decorate, serve a feast, mix it, feed the family one pretend morsel each—and then a mischievous 'thief' creeps up the arm for the punchline.

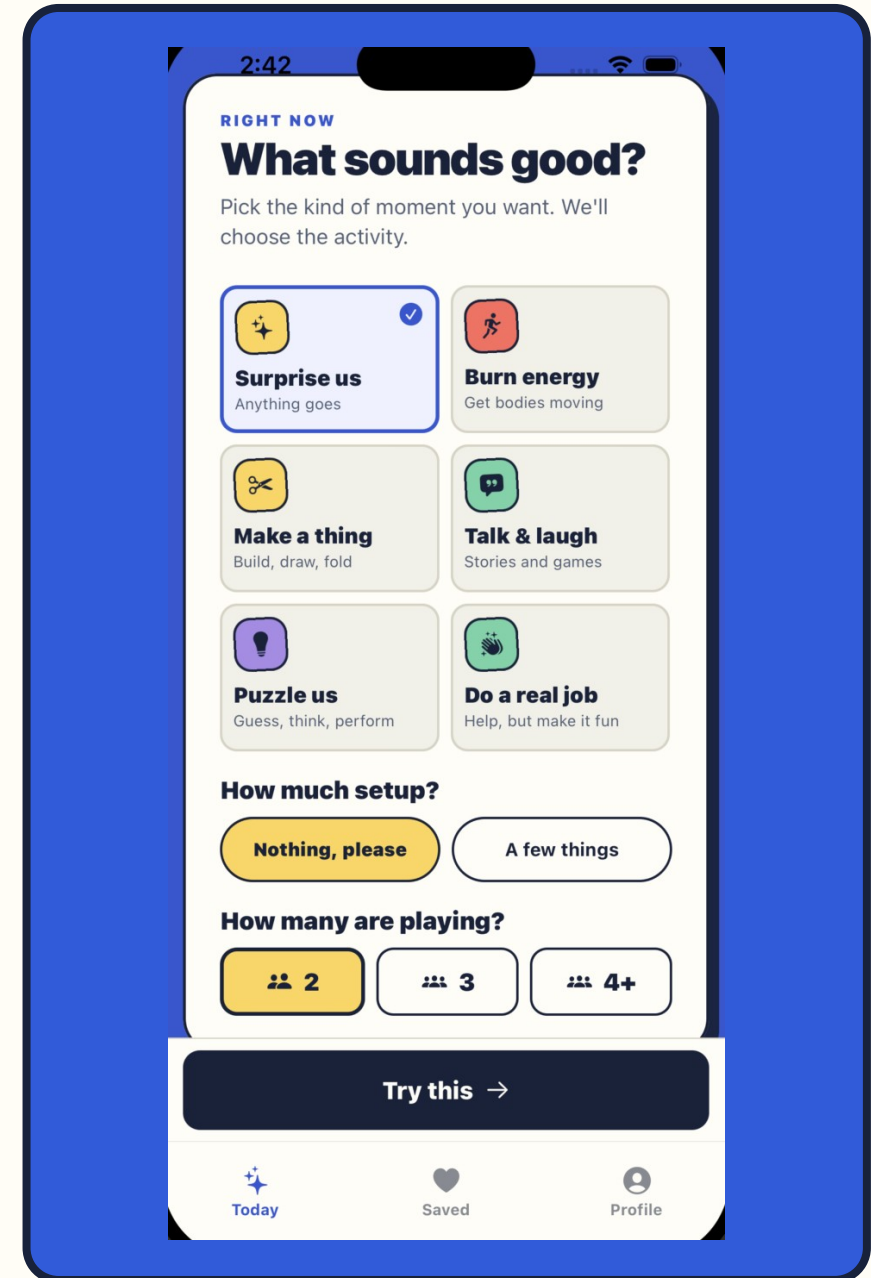

♡ Save in this browser

WATCH IT ONCE
See how this family plays it

Simple at runtime. Deep before it ships.

The MVP keeps family data on-device and turns a reviewed content pipeline into one fast, explainable recommendation.

- 1 Research → typed catalog
- 2 Constraints → shuffled deck
- 3 Web + iOS + Android

THE TECHNICAL MOAT

The catalog is the compounding asset.

The hard work happens before a card reaches a family:

A shared typed schema

One reviewed catalog across every platform.

Explainable matching

Hard constraints, safe fallback, fresh shuffle.

Complete editorial playbooks

Starts, steps, remixes, media, and provenance.

BUSINESS VIABILITY

Low infrastructure. Growing content value.

We can validate willingness to pay before adding payment complexity:

Free starter collection

Prove repeat use through the account-free product.

One-time family unlock

Complete library and offline media—no subscription.

Collection partnerships

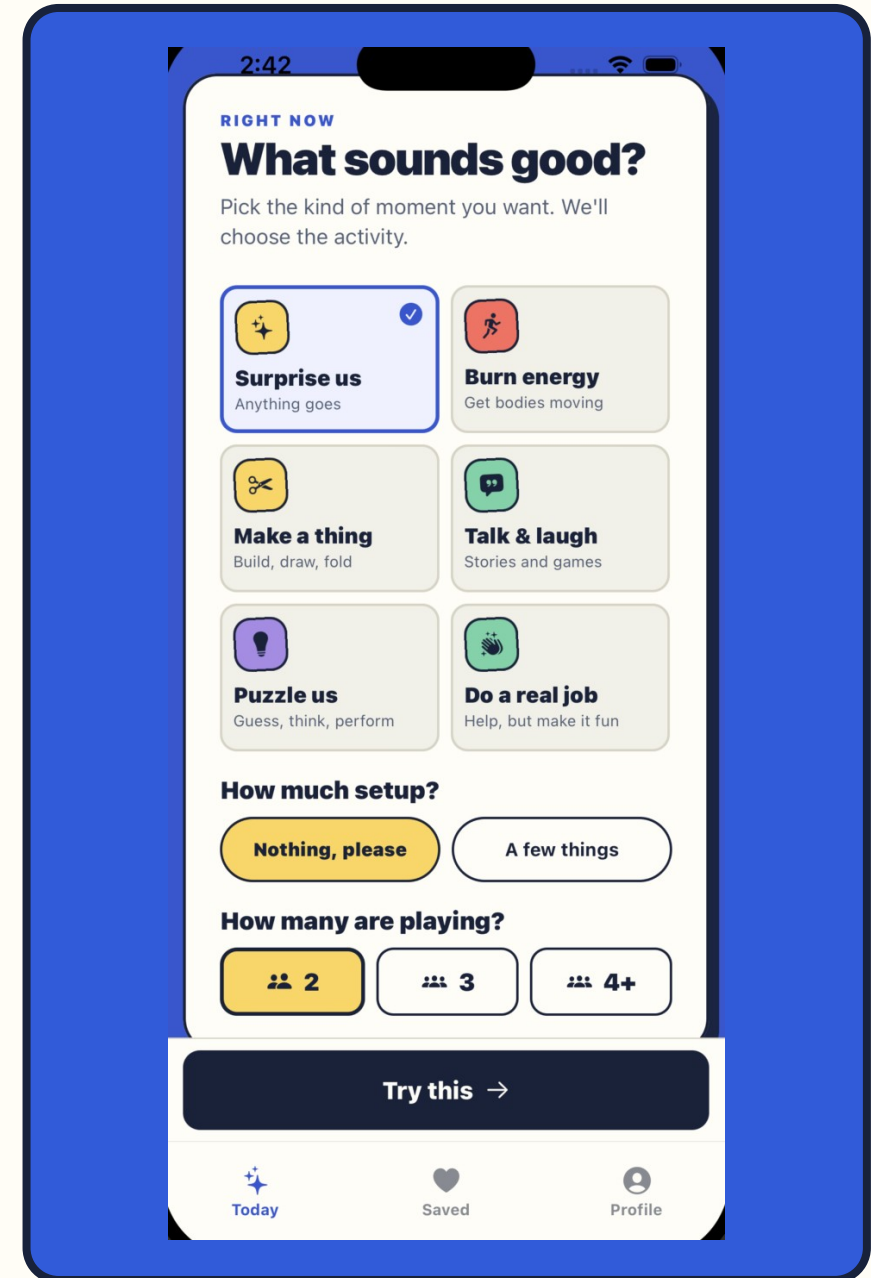

Libraries, schools, and cultural organizations.

Prove repetition. Then expand the library.

The next phase turns the working prototype into a measurable, cross-platform family product.

- 1 Measure tried, saved & repeated
- 2 Add reviewed heritage packs
- 3 Launch iOS + Android stores

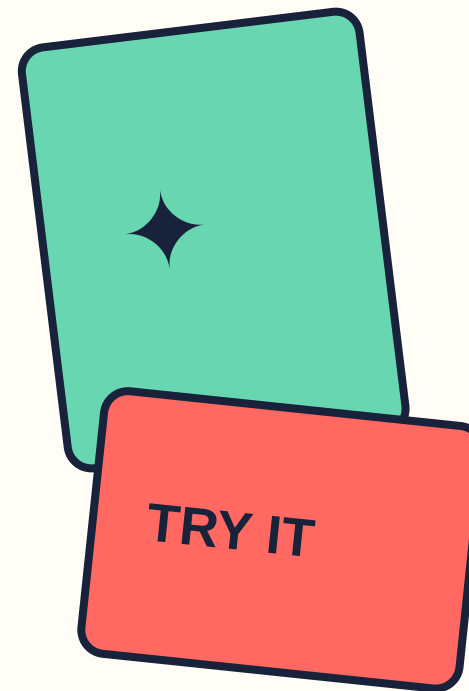

THE OUTCOME

Preserve what families know. Make the next laugh easier.

Try This Fun turns scattered ideas and fading family traditions into clear, playable moments—on the web today, and across iOS and Android next.
